II	pandas	3
1	Series	5
2	DataFrame	7
III	Matplotlib	9

Part I

Set

Part II

pandas

Chapter 1

Series

Chapter 2

DataFrame

Recipes 1 删选DataFrame的字段

```
1 df = pd.DataFrame(  
2     {  
3         'A': list('abcdefgh'),  
4         'B': range(8),  
5         'C': range(8, 0, -1),  
6         'D': np.random.normal(size=8),  
7         'E': np.random.normal(size=8),  
8         'F': np.random.normal(size=8),  
9     }  
10 )  
11 df.loc[:, ~df.columns.isin(['B', 'C'])]  
12 df.filter(items=df.columns.difference(['B', 'C']))
```

Part III

Matplotlib
